JERZEES

A woman with voluminous curly hair is smiling, wearing a white short-sleeved polo shirt and a grey and white plaid skirt. She is holding a teal folder. Next to her, a man with long hair is also smiling, wearing a navy blue short-sleeved polo shirt and dark trousers. He has a watch on his left wrist. They are standing in front of a brick wall and a wooden door.

CREATING BETTER *FUTURES*

We believe that what your customers choose to wear should not only be stylish and comfortable, but also an inspiration for change. Creating Better Futures means conducting business ethically and respecting the planet we live on. We're pleased to share with you the positive actions we've taken over the last few years as well as our commitment to ambitious new sustainability targets for 2025 and 2030.

As a garment manufacturer, we understand the responsibilities we have to our people and the environment. Our goal is to empower those seeking responsibly-made casual apparel, and we hope that the more you learn about our Creating Better Futures initiatives, the more confidence you'll have in making JERZEES® your garment of choice for all your imprint needs.

An important focus of Creating Better Futures is addressing the systemic issues in apparel manufacturing that no one company can tackle alone. Positive changes can be made by working across our supply and value chains, engaging with key stakeholders such as our suppliers, customers, non-governmental organizations (NGOs), industry associations, and consumers. Below are just some of the member organizations with which we partner.
